 Welcome aboard!

Hackathon Spirit

Hackathons are like marathons.

Some come to compete, and others come to learn, challenge themselves, and have fun. Whatever brings you here, make sure you're upholding the spirit of the hackathon by collaborating with your teams, helping beginners, and having fun!

Agenda (ET)

11:05 Keynote: Threat Modeling in the Age of AI

11:25 Hacker orientation

11:35 Words from the judges

11:40 Team meet & greet

11:50 Break

Noon Workshop: Threat Modeling Kata

KEYNOTE SPEECH

Threat Modeling in the Age of AI

April 2, 11:00am ET

Speaker

Adam Shostack

President @ Shostack + Associates

HACKATHON

APRIL 1-21, 2024

Hacker orientation

Schedule

- April 1 Prompt announced
- April 2 Global kick-off
- April 1-8 Meeting with mentors
- April 21 Submission deadline
- May 2 Closing ceremony

Get started

Join our Slack workspace and connect with your team through private channels set up by your team captains [@tmchackathon.slack.com](https://tmchackathon.slack.com)

Get the Hackathon Guide on threatmodelingconnect.com/p/hackathon

Bookmark the Hackathon landing page for prompt, resources, examples, recordings: threatmodelingconnect.com/p/hackathon

Prompt and rules

Available on <https://www.threatmodelingconnect.com/p/hackathon>

- Always capture your assumptions if something in the prompt is unclear
- No automated threat modeling tools are allowed. Diagramming tools are OK.
- Two parts in the deliverable - the reflection is as important as the threat model.
- Questions about the prompt? Post them in #prompt-questions.

Mentorship

Each team is paired with a mentor throughout the hackathon:

- **One allocated 30-minute meeting** during the first week, Follow-up meetings may be scheduled with your mentor should both parties agree.
- **Support through Slack:** be respectful of each other's time. Discuss the expectations of response time upfront.

Your mentors are here to help you grow:

- Navigate through the hackathon
- What you want to get out of this experience, what new skills you seek to learn.

Prizes

Winners will be announced at the Closing Ceremony on May 2nd. Each qualified member on the winning team will receive:

A \$500 USD Amazon gift card

An exclusive champion badge

A ticket to the Elevation of Privilege Game hosted by Adam Shostack

Share and win

Share your stories, snapshots, or whatever brought out your team pride on either platform:

- **Social media:** Use the hashtag [#threatmodelinghackathon](#) and tag [@Threat Modeling Connect](#)
- **Event slack:** Drop your highlights in the [#team-spirit](#) channel

3 winners will be selected for a special prize.

Hint: Showcasing evidence of collaboration earns your team bonus points on the grading rubric.

Everything shared above can be found in the Hackathon Guide available on www.threatmodelingconnect.com/p/hackathon.

Slack channel guide:

#ask-organizers: for support questions

#prompt-questions: for questions related to the prompt

#announcements: updates, recordings, reminders

Learn, grow, compete,
And don't forget to...
have fun!

Time for an epic group photo

Team meet & greet

Next up: Threat Modeling Kata Workshop

@11:00am ET

Zoom link in the chat

Good luck, threat modelers!

Looking forward to seeing the incredible threat models you're going to build over the next three weeks.

See you at the Closing Ceremony on May 2nd.
